

STANDARDS CLUB 2025-2026

This is to report on the successful completion of a consumer awareness rally conducted on our college campus by the Standards Club. The event, held on [23/12/2025], aimed to promote consumer awareness among students and faculty across all departments followed by Quiz Competition

The rally and Quiz Competition organized and executed by the dedicated members of the Standards Club, effectively disseminated information regarding consumer rights, responsibilities, and avenues for redressal. Participating students engaged their peers and faculty within each department, distributing informative materials and fostering discussions on pertinent consumer issues.

The initiative proved to be highly impactful, generating significant interest and enhancing awareness of consumer protection measures within the college community. We believe this activity has contributed positively to empowering individuals to make informed purchasing decisions and assert their rights as consumers.

We trust this report provides a comprehensive overview of the consumer awareness rally.
